Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.ADD and ADHD are devastating disorders that adversely affect the lives of 18 million adults and children in the United States. Somewhere between 5 and 15 of all young people suffer from the disorder and, in 2006, according to the Center for Disease Control, some 7 million cases of ADHD required ambulatory care. Complicated, disruptive and sometimes devastating, the disorder is the culprit behind behavioral problems, family stress in parenting children and kids with ADHD or ADD, break-ups and even more painful and distressing situations. Attention Deficit Hyperactivity Disorder can include disorders related to all of the following: Hyperactivity Impulsivity Oppositional Defiant Disorder (ODD) and Conduct Disorder (CD) Primary Disorder of Vigilance Bipolar Disorder Anxiety Obsessive-Compulsive Disorder (OCD) Substance Use Disorder Sleep Disorders Yet, even today, it s a disorder that is little understood and mismanaged while parenting children and kids with ADHD or ADD. Often misdiagnosed and seldom addressed, treated or effectively handled, it s a real disorder with characteristics that are undeniable and unique. This ADHD and ADD guide book is intended to...
