Attacking Trigonometry Problems

By David Kahn

Dover Publications Inc., United States, 2015. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book. This volume offers a concise, highly focused review of what high school and beginning college undergraduates need to know to successfully solve the trigonometry problems they will encounter on exams. Rigorously tested examples and coherent, to-the-point explanations are presented in an accessible form and will provide valuable assistance in conquering this challenging subject. Rather than serving as a text or treatise, the book focuses on the essentials of trigonometry. All fourteen sections are organized in a manner that allows readers to advance sequentially or to skip around. The approach encourages memorization of ratios and formulas, and the practice problems offer ample opportunities to become comfortable with applying the trig ratios to a variety of settings.

Reviews

If you need to adding benefit, a must buy book. It is really simplified but excitement from the 50 percent of your book. I discovered this book from my dad and i recommended this book to understand.

-- **Dorothy Sawayn**

Absolutely one of the better pdf We have possibly study. I could comprehended almost everything out of this written ebook. You can expect to like how the writer write this ebook.
