THE HYGIENE OF THE MOUTH: A GUIDE TO THE PREVENTION AND CONTROL OF DENTAL DISEASES (CLASSIC REPRINT)

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Hygiene of the Mouth: A Guide to the Prevention and Control of Dental Diseases That dental diseases are widely prevalent, that they are the sources of much misery, and have serious effects upon the general health from early life to mature age, I have endeavoured to prove in the following pages. My other object has been to show clearly how such diseases may be controlled, and in a large measure prevented. The first chapter, which has already appeared in my book on The Diseases of Children s Teeth, has been revised, and more facts have been added. The chapter on Oral Hygiene in Adults, with the illustrations which accompany it, is now published for the first time.
