Brand New Book ***** Print on Demand *****.James Orr (1844-6 September 1913) was a Scottish Presbyterian minister and professor of church history and then theology. He was an influential defender of evangelical doctrine and a contributor to The Fundamentals. Orr was a vocal critic of theological liberalism (of Albrecht Ritschl especially) and helped establish Christian fundamentalism. His lectures and writings upheld the doctrines of the virgin birth and resurrection of Jesus, and the infallibility of the Bible. In contrast to modern fundamentalists and his friend B.B. Warfield, he did not agree with the stronger position of Biblical inerrancy. Like Warfield, but also unlike modern Christian fundamentalists, he advocated a position which he called theistic evolution, but which would today be called progressive creationism.
